

**CITY OF SUNSET VALLEY**

**VI**

**AGENDA DATE:** December 15, 2009

**SUBJECT:** Work session on Comprehensive Plan Revision

**BACKGROUND:**

The Council committees have been working on revising the various sections of the Plan; however, there has not been any review of the summary goals at the beginning of the Plan.

As part of the update to the City Master Plan, this work session has been scheduled to review the plan goals and gather any input as staff begins the process of consolidating the draft of the sections that have been revised by the Committees. The goals (attached) are as they appear in the 1995 Master Plan.

Additionally, a citizen survey has been developed to engage residents to the plan update. The survey was reviewed by the Planning and Environmental Committee and a number of committee recommendations have been incorporated. It is intended to be distributed (mailed) to each household, as well as a link to an electronic copy to be completed on-line (Survey Monkey).

**RECOMMENDATION:**

Provide direction to staff on the Goals Section and proposed survey.
