

SUNSET VALLEY COMMUNITY SURVEY

Join us in updating the Master Plan for the City of Sunset Valley by completing this survey!

City officials are currently updating the 1995 Master Plan. The Master Plan, also known as a Comprehensive Plan is a planning tool that identifies community goals and aspirations in terms of development. The Master Plan guides public policy on a broad range of topics projected on a long-term planning horizon.

The information compiled through the survey will be used to develop the Master Plan. This survey will also be used to structure Town Hall meetings that will allow for additional public input. At least one Town Hall Meeting will be held in February and another in March. All residents are encouraged to attend. Responses gathered from this survey and at the meeting will form common ideas that will be developed into specific priorities and recommendations. These recommendations, as part of the Master Plan, will then be taken to the City Council for consideration and approval.

Please fill out your household survey, return it to City Hall by February 5, 2010, and please attend the upcoming Town Hall Meetings. Your responses are confidential.

1. **On what street do you live?** _____

I do not live in Sunset Valley

2. **How long have you lived or owned property in Sunset Valley?**

Less than one year 1-2 years 3-5 years

Other/Comments: _____

4. The term quality of life is used to evaluate the general well-being of individuals and communities. While the term is used in a wide range of contexts, quality of life should not be confused with the concept of standard of living, which is based primarily on income. Instead, standard indicators of the quality of life include not only wealth and employment, but also the built environment, physical and mental health, education, recreation and leisure time, and social belonging. Based on this definition, how would you rate the quality of life of residents in Sunset Valley?

	Very Good	Good	Poor	Very Poor	Do Not Know/ Not Applicable
